

**Model # 1214 (1/4")
1238 (3/8")**

Slim Head Ratchet Wrench

FEATURES:

- Slim head design allows for access to hard to reach areas
- Ideal for body shops and repair shops to work in areas such as under-dashboard and confined space engine repairs
- Working torque range from 5 to 20ft./lbs.
- "Precision Forged" ratchet yoke made of Cr-Mo alloy steel with optimized heat treatment to maintain peak performance and prevent "Spreading" which makes other air ratchets lose power
- Precision machined anvil ensures that ratchet pawl and yoke can properly engage with each other at any position
