

The image shows the Astro 45800 Speedy-Strainer Cordless Rechargeable Vibratory Paint Strainer Stand in two configurations. On the left, the stand is assembled with a white plastic paint cup on top, a white funnel, and an orange spray gun. On the right, the stand is disassembled, showing the base unit with a 3M PPS paint cup on top and a black metal frame with a circular handle. The background is a workshop setting with various paint cans and tools.
